28 November 2008

**To Whom It May Concern**

I am writing in support and recommendation of Greg and Cameron Bartholomew of Barcon Industries for their assistance with our relocation of premises from Mulgrave to Dandenong South in October 2008.

Barcon Industries were instrumental in moving all of our existing furniture together with design and installation of new workstations and general office furniture.

As I personally had not dealt with moving business premises previously, I found Greg and Cameron together with the removal companies they contracted in to be friendly, polite, co-operative, reliable and extremely efficient in every aspect. Our relocation team including myself were offered advice in a constructive manner with regards to design and configuration of various departments of the company. I value their knowledge and eye for detail.

Barcon are currently instrumental in the continuing upgrading of certain areas of the office. I am constantly calling on Greg and Cameron for ongoing alterations and additions to the office.

Greg and Cameron have offered cost effective solutions to re-designing areas such as the kitchen, walkway through to our factory, raising desks for taller staff members.

We would highly recommend Barcon Industries and have no hesitation in engaging them in any future projects.

Kind regards

Barb Parker
